

# Advanced Equine Leadership Programme

## Discover the leader as coach

How do I move my herd in the same direction? How do I transform my leadership style from reactive to creative?

The Advanced Equine Leadership programme is here to show you how! Chloé Consultants is proud to launch this follow-up workshop to delegates who have attended the Authentic Leadership programme.

The workshop will build on the fundamentals of the first programme. It will introduce a coaching style of Leadership to further enhance organisational culture and business performance. As always, our equine partners will play a fundamental role in your growth.

### After two days, delegates will be able to explain:

- How mental models impact our behaviour
- Emotional response to change
- The adult learning cycle
- The difference between coaching and mentoring
- A coaching style of leadership
- Demonstrate the essential coaching skills required in a management/leadership role

Please contact me at [yolanda@chloeinsa.co.za](mailto:yolanda@chloeinsa.co.za) to book an in-house follow-up workshop.

The investment per delegate will depend on the number of delegates enrolled for the programme.
