

## ARE YOU READY FOR THE NEW FUTURE OF WORK?

The fourth industrial revolution is here and it will require Leaders with more humanity and less ego. Let's explore these lessons from a very unconventional place - Straight from the horse's mouth. The workshop uses the paddock and its horses as a metaphor to today's pressing questions.

Cutting edge and potentially life transforming.

No horse riding required - all activities conducted on the ground

RSVP; [Yolanda@chloeinsa.co.za](mailto:Yolanda@chloeinsa.co.za) before 3 June 2019.
